The major accomplishments of the Business Machines Service Staff for the period September 1957 through March 1958 are listed below:

Use of Outside Computer Services

and arranged for a test problem to be performed on a contract  basis on IBM 650 electronic computers in  Tast was successful. However, future problems will be performed	problems in Office of Communications which required	
which is the post of post of the post of t	successful. However, future problems will be performed	- 15 17 (1)

- 2. Saving of \$11,000 year through Flexowriter Installations
  - a. Office of Personnel Completed the installation of Flexowriters in the Office of Personnel for the Automatic perparation of Personnel Forms 50 and 52 and as a by product the automatic preparation of punched-cards for subsequent machine production of accounting records and statistics. Approximately 6000 clerical hours a year or \$11,000 a year is being saved by this method.
    - Office of Logistics Installation of Flexowriter in the Supply and Procurement Divisions of the Office of Logistics for the Subtrematic preparation of stock replenishment requisitions; invitations-to-bid, and purchase orders has been started. When completely installed regultant benefits will be greater accuracy in ordering of stock items, speed up in order writing and faster delivery of the proper stock items. Tangible savings in clarical hours and salary are not available at this time.
- 3. Saving of 50 Man Years Through Centralized Production of Index
  Cards HI/DD/P
